

Paul S. Farrar

November 5, 1955 - December 21, 2021

Paul Stewart Farrar, a long-time resident of Bonita Springs Florida passed away on December 21, 2021 surrounded by his family and under Hospice care in his home. The photo is Paul with his daughter when she was young; a very special time in his life. Paul is survived by his daughter, Chandra Brooks and grandson, Zayden, his brother David Farrar, and his sister, Margo and brother-in-law, Tom Vuicich, as well as many special cousins. He also has a wife, Shuchun Qin, in China.

Paul was born November 5, 1955 in Delray Beach, Florida to Jean Williamson and Cecil Stewart Farrar. The family moved to Sarasota, Florida during his senior year where he graduated from Riverview High School. Paul worked in the hospitality business for 40 years and most recently served as a courier from Naples to Ft Myers. Paul enjoyed spending time with family, friends and neighbors, working out every morning, spending time at the beach or pool, walking his dog, Flynn, and planning his next adventure. Over the years he enjoyed running in marathons, competing in mud races, skydiving and traveling. He enjoyed a good meal and good cigar. Paul bravely battled prostate cancer over the past few years and was supported by an excellent medical team, family and friends. He now rests in peace with our Lord.

An informal celebration of life for Paul will be held at a future date. In lieu of flowers, please send donations in remembrance of Paul to Hope Hospice, www.HopeHCS.org or a charity of your choice.

“ Paul was a special person, anyone that knew him could only speak kind words. He was always there to help you out. even if it was" let's grab a beer and watch a football game". I always felt better after meeting with Paul. I lived with Paul through my divorce. He always knew the right thing to say when I was having problems. There are very few people like Paul, he care about you first and always though about himself second. The world is a better place because of Paul. I know my life is better just because Paul was in my life. He was a special person and will be missed by all of us.

“ Paul was the oldest of the three of us. He got to pick on me when I was little, later in life we shared stories, a few trips and mostly our daily calls. He faced challenges in life, yet prostate cancer was too much for him to overcome. He was strong all the time, even while in pain. Finally cancer took over and he understood it was time to go. It is not any easier knowing it was time, it still seems unfair. Love to my big brother, Paul Farrar
