

Anne C. Mahr

July 22, 1937 - April 8, 2021

Anne Mahr, 83, died in Naples, Florida April 8th, 2021. She passed into the next stage of her life to continue, with God's love, to develop and grow.

She was born in Buffalo, New York, on July 22, 1937. Anne is survived by her husband of 62 years, Dr. Robert "Bob" Mahr. They had four children; Peter, Cary, Chris, and Andrew, nine grandchildren; Bob, Tom, Jennifer, Allison, Courtney, Mackenzie, Drew, Mady, Mason; one great-grandchild George; two sisters Lanny and Sallie and one brother Charles.

Anne graduated high school from Miss Porter School in Farmington, Connecticut in the class of 1955. Anne received a BS degree in Medical Technology from Michigan State University in 1959. Anne met Bob at MSU. He was her guide while he was giving tours of campus for the freshmen. Anne was instrumental along with Bob in developing Northwest Veterinary Associates in the northwest suburbs of Chicago.

Anne was a superb, loving family organizer. She devoted herself entirely to the task of being a mother, wife, home manager, and clan matriarch. One could reasonably call it her vocation. It was to love and raise the children, love and make her husband happy, and hold together a large number of relatives in a network of loving personal relationships. She loved it completely. It was her purpose. Anne excelled at planning many family events and vacations which included the whole clan as well as ones with just her and Bob. These vacations took us to all parts of the world with many wonderful experiences and activities. Her needlepoint pieces are amazing works of art.

Once she became an empty nester, Anne found time to be a volunteer at the Chicago Symphony. She was a docent and co-Chairmen of the Women's organization. Anne was also active with the Chicago Children Home and Aids Society.

Anne cared about the future of our country. She actively participated and was a poll watcher or pole worker in many of the elections in Illinois and when she became a resident of Florida.

I'm sure she is already preparing the way for us and our next adventure. She leaves a big hole in our hearts. We will all miss her.

“ I have just discovered Anne has passed. I met her many times while working for Dr Mahr. We attended more than one company get together at their home and lake home. Those wonderful parties were orchestrated by Anne. She was a genuine, kind person. Both Anne and Dr Mahr were positive influences on my life, and the source of so many fond memories. My condolences to the entire Mahr family, and especially to Dr Mahr for the loss of your life partner. You have both been in my thoughts frequently over the decades.
