“ With love for my Nouna who joins now my Nouno. She loved her family - her son and grandchildren, her brother, she spoke of cousins and extended family as well. She also spoke often of her best friend Frankie of Plattsmouth NE. A devout lover of animals and a supporter of the causes that care for them. I don't think she actually enjoyed traveling as in getting places, but enjoyed many experiences in far away places.

One of my memories was that she remained proud to have been the King Korn Karnival Queen years ago in Plattsmouth NE.

She enjoyed both the Spanish and Greek languages and remained fluent in both.

She enjoyed the simple finer things - not as in labels and status symbols - but a nice meal with a glass of wine, fine art, and good company.

Many many thanks to my Godbrother Tom and his family who always cared for her.

Much love,

Christine
