“ *We think you know that Doug will always be in our lives and we will never forget the hundreds of memories and experiences we have had with both Doug and Mitzi. We wish we could do more but we will always be part of your family and never forget. I'm sorry I couldn't find what we did with the article with the funeral homes email address.*

“ *Dear Mitzi and Family,  
Mary and I were sorry to hear of Doug's passing. Please accept our sincerest condolences. He was a warrior in his fight against cancer.*

*I am reminded many times about our fall "touch football games" for many years. They were great fun and a precursor for the subsequent parties at the "311 Club." The final game of the season - the "Toilet Bowl" was a classic! I also remember the "golf tournaments" that we played in at "Forest Hills." We were always very competitive as a team. Not to mention the famous Las Vegas trip!*

*Anyway, it was a full life, well-lived!*

*Sincerely,

“ Doug was my boss for many years, and it never felt like I was working for him but rather more like along side him. He was always ready to help with any issues that came up and always had an optimistic attitude. We kept in touch after he retired and visited several times. Doug was always interested in what was going on with politics and usually had a couple of jokes to share at the expense of some elected official. He was a Great Guy and will be missed very much.
