“ *Many of my childhood memories include Elaine as I spend as much time at her house playing with Wendy as I did my own. Elaine was always happy and made everyone feel welcome. Even though the house was like an antique museum, and we had to be very careful when we played, she made it a loving home. Wendy always had to do chores before she could play and I remember the two of us sitting with Elaine at the picnic table in the back yard polishing silver. She was a great lady and will be missed.*
