

Frank J. Maggio Sr.

September 27, 1937 - November 14, 2024

Frank Joseph Maggio, Sr., 87 years old, lost his 24 year battle with prostate cancer on November 14, 2024. He was born in New Brunswick, N.J., to V. Joseph and Grace (Johnson) Maggio.

After graduating high school, Frank served in the Navy aboard the USS Valley Forge, an aircraft carrier. Thereafter he worked with his father in their plumbing business. Frank married his high school sweetheart, Emily, in 1959, and they recently celebrated their 65th anniversary.

In 1969 they moved to Florida, having purchased a lot in Little Hickory Shores subdivision where Frank and his father built their first home. They still live on the same street, 56 years later, but in the house Frank built in 1980. Frank went to work at Conditioned Air Corporation in 1971, owned at the time by Jack Stark, a friend and neighbor. Forty-nine years later at the age of 80 he retired.

Frank was not a church-going person but a more Christian man you would be at a loss to find. Honest, hardworking, dependable and oh so knowledgeable about so many things. He was always ready and willing to help a friend, neighbor or anyone in need of a helping hand with chores, repairs or whatever.

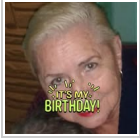

Survivors include his widow, Emily; sons, Vincent (Jill) and Frank J. Jr (Maila); grandchildren, Joey (Jennifer) Maggio, Pamela Maggio, Lindsay (David) Rothe, Christopher (Marissa) Hale, Thomas Gidley, Gabriela Gidley; and 6 great-grand-children. He was preceded in death by his daughter Lisa Ann Maggio.

There will be no formal service, that wasn't Frank's way. So hug your loved ones, try not to hate others or make enemies and you'll make the world a better place.....just like Frank did. And if you wish to make a donation to Avow Hospice or a cancer research/patient aid charity of your choice to help others in their battle, Frank and his family would be grateful.

“ Emily, Vincent and Frank, Jr.--Let me say how sorry I was to learn of Frank's passing. He loved and talked about his family so much and with such pride. You are his most cherished legacy.

I met Frank in the spring of 1995 when I first arrived at Conditioned Air. He was a larger-than-life figure and known to many inside and outside of the company. Yet, in spite of his large personality, he showed much kindness and patience with me as I was learning the ropes around the company. He took a gamble on me and stayed around, and I'm so grateful he did. He was always encouraging, in his own, way and made sure to regale me with stories of the old days there.

He had a passion to do things, not just right, but Frank-right. And, boy did the customers appreciate it and I know we called for more and more projects because of his talent and dedication. He could do anything and would tell me he was taking some drawings or specs home to "noodle" on them; and guess what, he came up with the right answer and solved the problem. He was such a quality guy and so many homes and businesses have his fingerprints all over them through all the years.

Frank is someone I will never forget. He made such an impact on the people in the company and customers. He wasn't just a team member, he was a friend that I counted on to level with me about things in the organization; and he never shied away from that. Please know how important he was to the success of Conditioned Air and to me. I am forever grateful our paths crossed when they did.

May you find peace through the Lord and in Frank's memories.
