“ *My parents, John and Kim of Amherst, were good friends of Gerald and Evelyn. I got to know them well after I finished my doctoral studies and moved back to Amherst. They were both kind and generous with their time. I have thought of them often. John Tigue*

“ *Dr Kraft worked with my mom (Julie Sanford) who was the nurse at Perry Central to help a child who needed Physical therapy at school. He taught me how to help this child and let me observe at his clinic. His help did not stop there. I wanted to go to college to be a PT and he helped me get into the first graduating class of physical therapists at D'Youville college (1991). While in college I did an internship with Dr Kraft and also worked for him one summer. He taught me so much and was always learning and teaching new techniques and technology. He was truly an amazing man and helped so many people. He certainly made a huge difference in my life. May he rest in peace.
Janet S. Finley MS PT.*

“ *Dr. Kraft was such a gem of a person. He was one of the best residents at Brookdale and always had a smile or a story for us. My condolences go out to his children.*
