“ *Such a shock to see this! The condolences of my family and me are sent to you. We knew he was in poor health, but not so severe. I'll call soon. I have many fond memories of Buddy and the whole family in past years. He always seemed so jovial and such a hard worker, especially when he was fixing up his houses. His illness was such a burden to him. I feel so sad. To all four Allison children and Joy, may you find peace with his passing. I remember you as kids and your mom as a dear friend as well as a cousin. You all became adults to be proud of.*

*Your cousin, first and second and on,  
Sandy*
