August 20, 1921 - October 16, 2021

Hazel Jaklitch, a longtime resident of Naples & Bonita Springs, passed away peacefully on October 16th at the amazing age of 100 surrounded by her loving family. Born August 20, 1921 in Cleveland, OH, she was one of 9 children born to Otto and Nola (Palmer) Wrentmore. She was preceded in death by all her siblings – Harold, Bob, Marie, Otto Jr., Nola (Sis), Russell, Clarence, and Betty Anne. She was married on St. Patrick’s Day 1942 to her husband, William Jaklitch, who predeceased her after 42 years of marriage. She is survived by her son & daughter-in-law, Richard and Kimberly Jaklitch, and her daughter, Patricia Jaklitch and many loving nieces, nephews, and their children. With a life spanning 100 years she grew up during the Great Depression and got married during World War II and started a family after the war was over. She graduated from Cleveland Ohio’s John Hay High School in 1939 and started working shortly thereafter. She continued to work throughout her life except for a few years while raising her children. She developed long lasting relationships with many of the people she worked with over the years. She relocated to Naples with her late husband, Bill, in 1972, and worked as a bookkeeper and office manager for Crown Construction Company followed by Prestige Printing in Bonita Springs until 2013. She enjoyed traveling, especially with her daughter, and made trips around the world and throughout the US including Alaska, England, Scotland, Austria, France, Japan, Fiji Islands, among others. Hazel became a member of the Pilot Club of Naples in 1976. Pilot, a community

service organization, is chartered in Florida with Pilot International which focuses on brain health and brain injury prevention. During her 45 years as a loyal member, she served on the Executive Board of Directors in several positions and was elected to serve as President for four terms starting in 1982, 1996, 2004 through 2006 and also one term as the Florida District Director. Her commitment and dedication were an inspiration to the Pilot Club membership. She was actively involved in Bike Safety events for children which provided free bike helmets and puppet presentations teaching safety, however, her primary focus was the Florida Pilot Scholarship House Foundation. The Foundation provides rent free housing for students at Florida State University, University of Florida and Florida Gulf Coast University in four Scholarship Houses. She made a difference with students, Pilot members and friendships throughout Florida that will never be forgotten.

“ This is difficult to even start, but she has been so kind and loving since the first day I met her and her family in 1974. She always opened her home and usually with a meal. She loved to travel and that her son Dick, and daughter Pat, became both successful in their lives. Hazel will be missed, but will remain in hearts and be remembered in the little things she did. Putting cloves of garlic in pork roasts and setting a glass of milk out at the beginning of making potatoes. She loved pink and red roses and jigsaw puzzles. Hazel worked hard for her family and her community. She will be with us always, until we meet again.

Hazel was the most caring and giving person I ever met. My first meeting was when I joined Pilot in 1985. She was a devoted Pilot and a wonderful mentor for Pilot. She had a great sense of humor and we had many good laughs together. Even though I left Pilot several years ago we still kept in touch. She even came to my birthday party that my so gave me two years ago. You worked very hard Hazel and you put your heart into every thing you would do. Now Rest In peace dear friend you were always on my mind , sorry I didn't get to see you that much due to various situations.
