“ *Dear Karla, sons and family: You are thought of every day. Remembering what a helpful, smart and kind person Jerry was. He helped me with several projects around the house in the past couple of years. Looking back I have to smile remembering how 'up tight' Jerry would get if the project gave him a challenge. I used to think he was upset with me, but later realized that Jerry was a perfectionist and he wanted everything he had a hand in to be absolutely right. Glad Jerry had a few good years in Florida making memories with his family and doing and enjoying the activities he loved.*

“ *Dear Karla and family,*

I am so sorry for your loss. I have fond memories of Jerry, playing football and going to school with him. He was a Great Guy! Even though I hadn't seen him in a while, He did repair a roof for us about 10 years ago after it had been poorly constructed . I shared my vision with Jerry on how to correct the build and he made it happen, it never leaked again.

My prayers are with you and your family,
