“ *Juda was such a very special friend as we had our young family. We shared the blessing of sharing a room when our first children were born and then went through our second pregnancies together. Many happy memories of playing with our kids and trying to keep them out of trouble. She was like a sister to me and I have missed her. Bonniebeight*

“ *Memories of youth are too numerous to list. Juda was a lifelong friend and confidant, a person I could say anything to, and it would be understood, the kind of friend that could continue a conversation after years of separation and never miss a beat. Juda had a sweet and knowing spirit and blessed the lives of many. I am so glad I was one of the many.*
