“ *Judy helped literally thousands of kids over her Little League years. She was a constant presence at the fields, protecting her league and 'her' kids like a lioness. She would gleefully throttle you (OK figuratively) if you threatened or were unfair to one of 'her' kids. She will be missed.*

“ *Heaven gained another angel. You've been such a dear friend for so long. My life won't be the same without you in it. But I know now that you will be watching over me. I will miss you so much. God please wrap your arms around Steven and Jennifer in these hard times. Give them comfort in knowing that she was with you and Jerry*

“ Working with you for 15 years was amazing but living with you for 4 of the last of the 15 was the best. We never had a dull moment, from birthdays, Christmas and concerts, not to mention endless conversations of life and daily events. I’m blessed that you and I had the chance to bond like we did. I will miss you dearly my friend.
