“ *I just found out about Mary Ann's death, after all of these months. We worked together at Waste Management many years ago and kept in touch sporadically. I hadn't heard from her recently and now I know why. Mary Ann was a good person, a great friend, and superior worker. I'm so awfully sad about her passing. She was still young. May she rest in God's eternal peace. I'm grateful to have been her friend.*
