“ I just found out much to my shock and sadness that Morry had passed back in 2021. He was a great mentor, board member and a friend. I had the privilege of meeting and working with him during my tenure at the MedicAlert Foundation. Rest in peace Morry. --- Ramesh

“ Pops. You were the greatest grandpa I could've asked for, and will continue to be a role model I look up to every day. You taught me how to golf, but more importantly, you taught me how to have fun playing it. From seeing how fast we could play 9 holes to the chipping and putting games we would play, it was an adventure each and every time. I love you Pops!

“ Morry was a force of nature in the profession of pharmacy. I have an especially vivid memory of him greeting me warmly at a Michigan Pharmacist Annual Meeting when I was a pharmacy student in the 1970's. He always had a spare minute, a ready smile, and a word of encouragement for his fellow pharmacists.

“ *Mary Jo and I have been friends of the Bectel's for some 60 years. Morry and I were beyond close friends, as we also shared many pharmacy activities as professional colleagues. I have previously shared a more lengthy remembrance with the family and many pharmacy colleagues. We send our deepest condolences to Theresa and the rest of the Bectel family.*

“ *Pops was the best grandfather anyone could ask for. We grew up spending a lot of time with him and Grandma and while I know he is in a better place it will be very hard to be here without him. Dinner at Fleming's won't quite be the same without him there to share calamari with. I love you Pops!*

“ *Morry served many years on my National Advisory Board for U of Arizona COP. He was a major contributor and excellent advisor to the College and to me personally. It was his leadership that further stimulated me to take national positions at the AACP and APhA. He was truly the ultimate professional pharmacist. My thoughts and prayers are with his family and I know he is at peace. My very best*
