“ *Rita and family - I had the privilege of working at IBM with Mike in the 1970's; he hired me as (I think) the first woman to sell for IBM's OPD in Norfolk in 1973. I had to leave the company for a couple years, and when I came back into the area, he hired me again! I will forever be grateful for his support of me in my career in what was still such a male dominated position. I so admired his leadership, his mentorship, his sense of humor and was so grateful to him for all he did for me in my career. He made a difference and I am a better person for having known him, as I know so many others that he helped along the way are too.*

My sincere condolences and my wishes to you for the comfort of a wonderful life remembered by all he met. Nancy Brown, Virginia Beach, VA (aka Nancy Dozier).
