“ *Debby, Page and Leigh. I am so sad to hear of the passing of your Mother. She was such a special lady and I always held her in the highest regards. I especially loved taking dress shirts and sweaters to her when I was in high school to have her monogram these items because not only were they professionally done, but I knew every stitch was crafted with her love. May she rest in peace and may each of you find comfort in spite of this terrible loss.*
