“ *Tommie,*

*While I only talked to Preston a few times, the one thing that really stood out to me was how much he wanted to take care of you and ensure your future was secure. He was very smart about saving & investing for your future.*

*While it is very hard to get through the emotional pain and loss, try to remember all the good times you had with him. The memories you shared will last the rest of your life.*

“ *Preston Hoover. What a special person you are. ( Tommie). So many memories, laughter, togetherness. Holidays, beaches, or myself just coming to hang out and enjoy company. Remembering the love for your drums, President Bush, the excitement when you bought your wife a present, ( I seen before my friend), long nights out on the lani with both of you. Your such a wonderful person, I will cherish your friendship in my heart forever, I know you are in no pain and suffering as with our Lord our God. You truly a Angel. I love you Preston Hoover.*

“ Preston 'Preppie' Hoover was a childhood friend, classmate and neighbor throughout our 'growing up' years in Bridgeton, NJ We lived literally 10 houses apart from each other on Hampton St. We climbed trees, rode our bikes and played at each other's homes, attended birthday parties and did all the things you do with the rest of the other kids in the neighborhood. I guess you could say it was our version of 'Our Gang/Little Rascals' kind of thing. We were so lucky to have lived in the 'Ozzie and Harriet' 'Leave it to Beaver' times. Of course we both went our own way after graduating from BHS in '67 and only recently re-connected on FB. That's a lot of time. I only have the best of memories of my childhood friend, playmate and classmate and you know what? I wouldn't want it any other way. RIP Preppie
