*Hi Karen,
We are just now reading about Dick's passing, and truly saddened. We worked together for a number of years and he was dedicated to everything he did. We spoke often of his past working history with our predecessor at Power Engineering when they were in Framingham, and of course Peter Molis and John Rahm, his old working partners. We missed you guys floating by and saying hello on Lake Quinsigamond. Please know that Dick and you will be in our prayers. He will be missed!!
