“ *As a child, I always remember Uncle Richie as a mild mannered man who loved being around the kids. He took a genuine interest in what was going on in our lives and never missed recognizing our birthdays and special events. I remember when the Gorga's would get together for Thanksgiving and Christmas, and we would line up to talk with him on the phone from Florida. As a young adult, Uncle Richie was a person that I looked up to and aspired to be. Following the same career path, he was very generous with sharing his wisdom and experiences in Accounting, offered to train me as an intern during his busiest time of year, and continued to mentor me as a young tax professional. He was a selfless man with good values who saw the importance of doing the right thing. It's these values that continue in my own family based on the example you have set. Thank you Uncle Richie for the mark that you have made on our lives. Your legacy will live on.

“ How does one adequately memorialize a dear family member who has left this earth so young? Richie was a kind, considerate, intelligent human being. We were raised in a close, tight knit family. We shared all of our holidays, birthdays and special occasions together. The " Three Boys " as they were known (John Barry, Richie & Glenn) were the brothers I never had. I always say the best part of growing up was being a member of our wonderful family. The family was so proud of Richie when he was accepted to Ohio State University. Especially, Uncle Nicky, his Godfather, since the Buckeyes were one of his favorite teams. Richie went on to become a CPA. He raised a wonderful son who exemplifies many of his fine traits. I am so pleased you were able to see your son married at such a lovely wedding ceremony. I know you now can rest in peace reuniting with your loving parents and all the family members that predeceased you. Heaven has gained another angel. Until we meet again, my dearest cousin may you rest in the arms of our Lord.

“ My brother Richie was a soft spoken and reserved man. He never spoke badly about anyone. He loved the outdoors especially fishing. I always remember growing up when he got excited he would always do a hop and skip. When I asked him to give me away for my wedding, he was so ecstatic to walk me down the aisle and his response was it will be my pleasure. He was a great father to his son Rich who he loved being with and loved very much. He was a great brother and I will miss our monthly talks. I will cherish the memories we had and you will always be in my heart. You will be missed by many. May you rest in peace Richie..until we meet again. Love you sister Debbie

“ Uncle Richie was a quiet, reserved man. Yet he'd always show up yelling "BDBDBDBDBoo!" He was a family man, always attending big moments. Whether it was a birthday, graduation, wedding, etc...he was there...even if it meant traveling quite a distance. I cherish all the memories and stories I've heard over the years... especially the ones from the GORGA siblings' childhood. May you rest in peace, Uncle Richie❤️

“ *Many great memories growing up with my brother Rich, he always loved fishing... I remember going up to Haledon reservoir on Sunday's with my parents to fish. Rich never missed opening day of trout season in April. I also remember him going down into our cellar and lift weights daily, doing 100 push-ups a day ... drink protein shakes and ate healthy. You also raised a bright son that you were so proud of and did see him get married to His wife Kristen. It's not good-bye, I'll see you later Love brother Glenn*
