“ *Paula Sue & family, So sorry to hear about Bob's death. Growing up in Fonda I was very close to the Lenahan family because I was in the same class as James and Jane. I enjoyed talking to Bob over the years. He knew so much about the farm. My dad used to pick peas on the Lenahan farm. Over the years James has kept me posted on family members. Your are in my prayers, Tessie (Tolan) Cersovski*

“ My sincerest condolences to all in Bob's family. I had the distinct pleasure of working with Bob at Henkel chemical during the late 80's. He was a wonderful colleague as he brought passion, dedication and a high level of competence and professionalism to his role as technical support manager for the Beverage industry. A real pleasure to work with at both client and prospect locations alike. I cannot tell you how many times I relied on Bob to provide me with his technical expertise. He was a most valued asset to our organization. Sadly, after Henkel merged with Ecolab, I went in a different career direction from Bob and our paths no longer crossed. Fortunately, Terry Mistalski kept me apprised of what was going on in Bob's life over the years. When Terry called me last week with the news of Bob's passing, I was deeply saddened. But, while the time we spent working together was relatively short, I will always have fond memories of our days working in plants and then sharing a brew or two over dinner in whatever city we happened to find ourselves at the time.

May you forever rest in peace my good man.

You will be missed but not forgotten.

“ Paula, I never knew that Bob was a Vietnam Vet . . . don't know how I missed that about him. But this is Memorial Day, and the best day to thank him, and to honor him, for his service to his country and to the United States Marine Corps! You should be so proud of that. So sorry for the loss of a great man and for the loss of your beloved Bobby.

“ I'm sorry to hear that Bob has passed. We were first cousins and grew up going to family functions and to the same school in Iowa, but had lost touch over the years. I remember him as a clever and very smart guy with a quiet wit. My sympathy goes out to all of Bob's family and to his friends.

“ Robert was like an uncle to me & my sisters. He went through many challenges trying to babysit us rugrats as kids, as we of course gave him Hell. He voluntarily let us tie him to a chair while he watched baseball, which we found extremely entertaining; needless to say, he was the ultimate trooper. As we got older, I can express how much I appreciate his dry humor, & I understand why my mother, Sara Murphy, was so fond of him; she saw him as a brother. He will forever be missed & well remembered by us fellow smart asses. I hope he is finally at peace as he tells the angels jokes while he quietly chuckles & shakes his head as he often did. Heaven better get ready to laugh!

Lots of love, Rachel Blackburn
