“ I am at a loss for words and unable to believe that our life here on Earth is actually over. He was my "Childhood Sweetheart" as I loved him since I was 14 years old and continuing to this day. We had so many great times and many tragedies throughout our lives together but together we got through them. Today I really don't know how I am supposed to go on without him but I know with the help of our wonderful daughter, Shelly, we will find our way through each day. As I look around me, I see his beautiful face everywhere. We have so many wonderful memories we have made over our 54 years of marriage and the years before, all through our school life. I thank God for these memories for they will sustain me for the rest of my life. My dear Husband, I will love & miss you and you will continue to live on in my heart until I join you in Heaven. Rest in Peace my Love! Your loving wife, Pat.

“ I have so many great memories of you, but the one that sticks the most is freaking you out at the YMCA by diving into the deep end and watching you and Joe Roberts frantically trying to save a 4 year old who could swim better than you. Although distance was between us I've always known that you loved your family more than anything and you were a great man. Rest in peace Uncle
