“ Steven will be missed at his job at Parker. He was such an asset, always able and willing to help. He knew it all really or would find out how to get it done. And he was a great person - he was friendly and easy-going. Just a fun and nice guy. May he RIP after his battle. Sympathy to his family and friend.

“ I will always remember your heart, warmth, and compassion for those you cared for. You'd never end a phone call or let me out the door without saying "I love you". Your sense of adventure and inability to sit still for too long let me live vicariously through you. Until, I could find it in myself to have just a portion of the drive you did. You opened me to new experiences and new ways to view the world around me. Thank you for your friendship and your love.
