“ *I'm so sorry to hear about Susan's passing. I will never forget the time she went with me and my parents to Ocean City when we were in the 8th grade and we were in the ocean and she was just floating on a raft and didn't even notice that she had drifted out to far and she was yelling for me to come and save her. That was the care free Susan she was, just laying on the raft half asleep and didn't realize how far she had drifted. She was such a sweet and fun loving friend. We had a lot of fun times together. I've thought of her often after she left Moundsville but had no idea where she had moved.*

*She will be in my thoughts forever. Colleen and Bobby you have my deepest sympathy.*

“ *Mrs Carmichael and Bobby,  
So sorry to read about Susie this morning....Another example of how short life may be. It seems like only yesterday while coming home from WLSC in early 70's noticing Susie and Rod Derrow "hitchhiking" on First and Jefferson on a trip, which if my memory is right to California.....I'm sure Susie enjoyed her "brief" time on this earth as much as anyone and made life better for everyone she knew. My thoughts and sympathy go out to all her loved ones she left behind.*
