“ I met Warren while we were studying architectural drafting at Ferris State (College) in 1960. This man could sing! I tried to convince him there was a lot more money in performing and I sincerely believe we could have given the Righteous Brothers a bit of competition. I didn't realize how dedicated Warren was to the construction industry. I am so glad he found fulfillment. I learned only recently of Warren's passing and am sincerely hoping Donna and the rest of the family are finding peace as time moves on. Brigid and I will remember them all in our prayers. The photo of him is perfect. He always had a good-natured attitude and he will be missed.

“ Very sorry to hear the news. He was a great gentleman. Always had some kind words with me at any of the girls' games. It just won't be the same without the Owen girls or him at the games.

“ *When I was a kid Warren (Stanfield-Owen Construction) built Shakey's (later Pappy's) Pizza in Kalamazoo for my dad. A young man who worked for him, John Bax, would later become my husband. In 1981 John was diagnosed with cancer. Warren went WAY out of his way to make sure we were both taken care of. Warren was one of the kindest human beings I ever met and the world is a poorer place for his loss.*
